

## BADC and CLAUS conditions of use

The CLAUS Data have been made available for use through the BADC according to the following conditions:

- The BADC uses cookies to maintain session information for web downloads.
- The BADC will store details of what you intend to use the data for.
- The principle investigator, Dr Gary Robinson, monitors the CLAUS dataset's use and will be given these details.
- The CLAUS Conditions of Use are "**Collaborative only**" i.e. the Principal investigator expects co-authorship on any publications where the CLAUS data are a significant part of the input data used.
- In all cases where the data are used in a presentation or publication, the following acknowledgment must be included:

‘These results were obtained using the CLAUS archive held at the British Atmospheric Data Centre, produced using ISCCP source data distributed by the NASA Langley Data Center’.

- In all cases where the data are used in a presentation or publication, the CLAUS dataset citation must be given:

Environmental Systems Science Centre (ESSC), [Robinson, G.J.] . Cloud Archive User Service (CLAUS), [Internet]. NCAS British Atmospheric Data Centre, 2002-, *Date of citation*. Available from [http://badc.nerc.ac.uk/view/badc.nerc.ac.uk\\_\\_ATOM\\_\\_dataent\\_claus](http://badc.nerc.ac.uk/view/badc.nerc.ac.uk__ATOM__dataent_claus)

- If the CLAUS data is to be passed onto a third party (e.g. project data share) then the applicant must agree (and confirm in writing as part of the data application) to make subsequent users aware of the CLAUS data conditions of Use.
