

# ESA CCI SST Data Conditions of Use

1. During a period of 3 months after the data have been created, any use of the data by researchers other than the data originator(s) requires prior consent of the originator(s)
2. After the restricted period, data are made available to all registered users under a Creative Commons Licence by attribution
3. No data should be transferred to a third party, unless they have registered at NEODC or BADC and agreed to the conditions of use
4. Whilst the data are restricted from the public domain, all investigators have the right to refuse that their work be used in a publication or presentation prior to the investigators' own publication of that work.
5. In all cases where the data are used in a presentation or publication, an acknowledgement must be given: for example, "Data from ESA Climate Change Initiative Sea Surface Temperature project, SST CCI, are provided via the Centre for Environmental Data Archival (CEDA)."
6. Information submitted in application for access to the data will be made available to: The Natural Environment Research Council (NERC) and its delegated authorities, i.e. the NERC Earth Observation Data Centre and the British Atmospheric Data Centre (BADC) and their host organisation, the Science and Technology Facilities Council (STFC) for the purposes of tracking data usage and of improving the service.
