

NCEO Theme 5 - Cryosphere and Polar Oceans - CONDITIONS OF USE

During the embargo period (a maximum of two years from the end of data collection/production) access is restricted to NCEO Theme 5 Scientists and those authorised by the Data Creator/delegated Authoriser who have agreed to the following Conditions of Use and the General Conditions of Use:

1. Any use of the data by researchers other than the NCEO Theme 5 Scientists requires prior consent of the Data Creator or the delegated Authoriser.
2. All NCEO Theme 5 Scientists have the right to refuse that their work, whether measurement or calculation, be used in a publication or presentation prior to the publication of that work.
3. No data should be transferred to a third party without the express written agreement from the Data Creator or the delegated Authoriser.
4. Where the data form a substantial part of a presentation or publication joint authorship must be offered to the Data Creator.

General Conditions of Use (restricted and public access periods)

The following General Conditions of Use apply to all users of these data:

1. The User is permitted to use the data for any purpose, but is strongly encouraged not to make data available to third parties. Such 3rd party users should be re-directed to obtain the data directly from NEODC. This is to aid in tracking data usage and to ensure that all users have access to the latest version of the data available.
2. The User will endeavour to ensure that they are using the best available version of the data in any publication or work.
3. Where the data are used in a presentation or publication, the data must be correctly cited and an acknowledgement must be given: for example, "Data from [the originator(s)] are provided courtesy of the National Centre for Earth Observation via the NERC Earth Observation Data Centre (NEODC)".
4. The User will supply citations to the NEODC of their publications making use of the data.
5. Information submitted as part of an application for access to the data will be made available to: The Natural Environment Research Council (NERC) and its delegated authorities, i.e. the NERC Earth Observation Data Centre and the British Atmospheric Data Centre (BADC) and their host organisation, the Science and Technology Facilities Council (STFC), for the purposes of tracking data usage and of improving the service.
6. Information submitted as part of an application for access to the data and regarding data access and usage through the NEODC may be made available to the NCEO Theme Leader, Data Creators and/or the delegated Authoriser for the purposes of tracking and reporting data usage and of improving data provision and services.
7. Exclusion of Liability.

Your use of information provided by NERC is at your own risk. Please read any warnings given about the limitations of the information (http://badc.nerc.ac.uk/conditions/badc_anon.html).

NERC gives no warranty as to the quality or accuracy of the information or its suitability for any use. All implied conditions relating to the quality or suitability of the information, and all liabilities arising from the supply of the information (including any liability arising from negligence) are excluded to the fullest extent permitted by law.

NERC gives no warranty as to the accuracy or completeness of data or images in the form in which they are cached or downloaded to your computer, as they may be affected by on-line conditions over which NERC has no control.
